In proportion to the structure of a government gives force to public opinion, it is a fact that public opinion should be enlightened from the source of the Times-Virginian.

THE WORLD COURT
During the past week and the last of this paper, two very interesting problems of government have been discussed.

Then, we read the farewell address of the late President Truman. It was a masterpiece of statesmanship.

How your MONEY WORKS FOR YOU IN A Checking Account
When you put your money in a savings account you get interest on it. In a checking account you get interest for it—and let the bank draw the interest. In return for this interest the bank gives you privileges worth far more to you than the interest itself.

When you maintain a balance commensurate with your use of your checking account privileges, the bank will be reimbursed for the expense of serving you. Otherwise, the bank may properly look to you to meet this expense.

Money in a checking account is an investment that pays you real dividends.
